Accelerate Your Income *with Bubblepay*

New Customers The Bubblepay System eliminates the need for customers to carry around cash, giving your business advantage over others whenever someone is searching for a laundromat, be it online or in person.

Repeat Business Our software is the most user-friendly cashless system on the market allowing customers to easily navigate the payment process with just a few taps, so it sticks in their mind as the only place to go in the future.

Increased Revenue After installing our system we track the data using the live reporting and compared it against their best year in sales and every business increased their revenue by between 30-50%

Live Reporting Our software provides real-time reporting, allowing you to monitor sales and transactions from anywhere.

Secure Transactions With Bubblepay, you can rest assured that all transactions are secure and protected giving customers the peace of mind.

How Our 3 Step System Works...

We've made laundry day fast and seamless for both customer and business owner.

Step 1: Pick Washer or Dryer

Customer can choose their choice of Washers and Dryers from the digital display on the bubble pay kiosk.

Step 2: Pick Machine & Time

Customer selects the desired time for each machine.

Step 3: Quick Payment & Go!

Payment can now be made with either their physical bank card or phone wallet and the machines are ready to go.

Save Time & Headaches

*"With **Bubblepay**, we have reduced so much time inside our laundromat. Time spent fixing annoying coin operated problems like tiny refunds, record keeping and the security of our business. Now we can concentrate on building our business brand!"*

Whether you're a small business owner or a large enterprise, our Bubblepay payment processing solution can help you take your business to the next level.

Say goodbye to the limitations of accepting only cash or a few payment options and hello to the flexibility and convenience of accepting all major payment options.

FAQ

Do I need to give up accepting coins?

No of course not, you can choose to have both card and coin or go completely cashless.

Can I make changes on the go?

Yes, we give you access to the Bubblepay portal which allows you to Update Pricing, Update Machines, Change the colours and more. All from your phone or laptop!

I have a mix of different machines and models, does that matter?

Not at all, we can connect to most makes and models and it doesn't matter if you mix and match the manufactures and models used.

Can I pay by smart phone or watch?

Absolutely! Our readers accept payments via Tap n Go and insert. You can use Debit Cards, Credit Cards, Smart Phones and Watches plus more.

Can you add our logo to the Bubblepay software?

Yes, your branding is important. We can simply put your logo in or complete full custom branding.

Can I add more machines at a later date?

Yes, once the kiosk is installed we can add new machines to it at any time.

Do my customers need to download an app or use a QR Code?

No, there are no clunky apps, no painful wallets and no confusing QR codes.

How long does it take from payment to installation?

The time varies to how many orders we have at the time but usually is a 3 to 4 week turnaround from time of deposit

The service and support has been second to none. Best business decision we have ever made. The convenience of their cashless system has made running my laundry a seamless and effortless experience for everyone.

NORTHERNERS LAUNDROMAT
Chief Operations Officer

Kristian, Matt and the team did an amazing job, from bringing our laundrette out from the dark ages to modern day technology.

Nothing was a problem great attitude from the team. With the diverse range of machines that we have on site they were able to get it all working on the one platform. Amazing! the cost of the installation was well worth it. It has paid for itself with extra streamlining of our business and with added benefits to our customers and our customers love it!"

WASH ROOM
Kasey Lewis

We lost \$1,000 per week when a competitor opened up 600m from one of our stores and offered card only. Since installing Bubblepay 4 years ago we have made all that back plus much much more. With BubblePay, our customers no longer have to worry about carrying cash or dealing with the hassle of coin-operated machines.

PLATNUM LAUNDRY
Hung

Couldn't think of better people to partner with for my laundromat business. As the proud owner of a laundromat, I can't express enough how grateful I am for the incredible services provided by BubblePay. Their innovative cashless system has completely revolutionized the way we operate our business.

THE LAUNDRY ZONE
John

Our sales increased 325% after installing our Bubblepay Kiosk, we even had growth throughout the COVID-19 lockdowns as our competitor didn't offer cashless payments. The BubblePay cashless system has not only increased efficiency but also improved the security of transactions at our laundromat. Our customers can now enjoy a worry-free laundry experience, knowing that their payments are safe and secure with BubblePay.
